Principal's Update: Katie Murphy, Principal

- Some class photos were taken down because one of the priests that was credibly accused of misconduct (released by Diocese this week) was at Corpus Christi for 14 years in the 1970s. Since his photo is on the class photos, the photos were taken down so that the priest's photo can be removed before they are rehung.
- Kinder: 54 applicants

- Working on letter to go to families when their children go through baptism.
- Staffing:
 - Mariann Landis is new bookkeeper. Sally's last day will be next Friday (after 27 years!)
- Tree: 8th grade and parents will take over what to be done with the space where the tree used to be. They are designing something to go in the space.
- Buddy bench that 3rd grade bought last year will go out into the yard soon.
- Enrollment task force – they are compiling information and can come in March.
- Katie is in middle of teacher evaluations.
- Diocese is rolling out new tuition contract to include complete list of what they have to do (volunteer hours, fundraising requirements, etc.). All members should send Katie any items on the tuition contract that she should address with parents at the spring concert.
- Digital citizenship came out in survey. School will be trained and will be giving lessons on digital citizenship. Should be a certified school by the end of next year.

Board Business: David Kevane, President

- No new business

Committee Updates:

- Finance – Kim Aquino
 - Half of endowment draw occurred in December, expect other half soon. This accounts for entire YTD difference. Plant and equipment (bollards) make up majority of the overage. Textbook expenses, salaries, health benefits are most under budget.
